The Performing Arts Club (PAC) is an umbrella for multiple shared interest groups, each enabling club members the opportunity to expand their skills in, and experience the joy and fulfillment of participating in their chosen facets of the performing arts. PAC touches all aspects of the theater such as a stage play, musical, comedy or drama. PAC also offers opportunities for musicians, singers, and dancers to showcase their talent. Check out a complete list of special interest groups and events found on PACs website and in the SPIRIT magazine.

We encourage you to join our team, even if you do not have the background, experience, or familiarity in theater or the performing arts. We will be happy to provide the respective training and guidance. Below are some of the positions we would like your support with. And remember, we are always open to suggestions as to where you think your skill or talent can help make our performances even better.

- Casting directors and support
- Costume design and fitting
- Lighting and sound technicians
- Make-up and hair artists
- Performers, playwrights, directors and choreographers
